Usually, the readings for communion services are the NT and Gospel, and for Morning or Evening Prayer the Psalm, OT and NT. Verse numbers in the Psalms are taken from the black Common Worship book, and may differ in other versions. The colour in church is purple or blue for Lent; there are no flowers in church until Easter.

DATES FOR YOUR DIARY

Holy Week this year is the first week of April, with Palm Sunday on the 1st April. Full details of services and events for Holy Week and Easter will be in next month's magazine, but you might like to put some things in your diary now: the Last Supper on Thursday, 5th April at 7pm; the Good Friday services starting at West Deeping at 11am, with the Good Friday walk leaving West Deeping after the service, and services at Uffington at 2pm (followed by making Easter gardens) and Barholm at 7pm; and the Dawn Service on Easter morning at 5.45am (late this year!) at Wilsthorpe.

The Rectory, Uffington

Dear All

I've just been filling in the forms for a faculty – permission to do work in a church. Faculties are given from everything from major restoration and building work to putting in a new bookcase (the cause of the current paperwork) – for any change, addition or repair to the fabric or the appearance of the church.

It's difficult to understand sometimes why a simple repair or a piece of new furniture needs permission. It can get very frustrating, filling in forms and displaying notices and waiting for committees to meet. But I've heard enough horror stories to know why all churches have to ask permission to do things – and of course we have to be extra careful with our listed buildings. All of the churches in this group are listed, and that means they are of significance not only for churchgoers and the local community, but of importance to the wider community, buildings of architectural significance.

The churches in this group are looked after very well – but the rules are there for everyone, because sometimes things don't happen quite the way they should. Our new bookcase (for West Deeping, in memory of Rene Cutts) is going to be made locally, to fit the space and match the pews it will stand against – but it's not unknown for a congregation to get given something that doesn't suit the church or the space or the colour – well, you get my drift.

And then there was the friend of mine who went to a parish where they'd needed to do a bit of repointing to the wall of the church and the tower. They didn't ask for permission or speak to the architect – too much hassle, and possibly expense – they just got on and did it themselves. Unfortunately, they used modern mortar – if they'd followed the rules, they'd have been told it must be an old-fashioned lime mortar. The modern mortar didn't move with the stone as the weather changed, so a year or two down the line there was some very expensive damage to the stones. All the new mortar had to be removed, some stones replaced, and the proper mortar put in, and the simple repair turned into a major fundraising exercise.

So, irritating as it can be, I can see the point of the faculty system. And the trade-off is that, for most things, we don't then have to apply for planning permission or listed building consent, so at least there's only one set of forms to fill in – and the Diocesan Chancellor and the advisory committee do understand that, as well as being beautiful buildings, our churches are buildings in use, and sometimes changes need to be made to make them more usable, so that they are more practical and better suited to what we want to do now, without losing their beauty and importance at the centre of our communities. Our churches have changed massively over the centuries, built and rebuilt, pews added, galleries put in and taken away, fonts shifted or replaced, screens moved. We just need to be sure that the changes are the right ones to protect our churches as well as keep them as places for our worshipping communities to use – so I'll keep filling in the forms.

Yours,

Carolyn Kennedy.

Community Lincs Launches New Countywide Bulk Oil Buying Scheme.

Community Lincs has launched a new way for you to buy your oil! Our Bulk Oil Buying Scheme aims to maximise the joint buying power of communities to enable them to make significant savings when buying their domestic heating oil. The scheme is open to individuals, community buildings and businesses that use oil to heat their homes and premises for a small annual membership fee of £20 for individual households, £30 for community buildings and £100 for a business. They will then be able to place as many orders as they want for a whole year. A local volunteer would be required to act as co-ordinator for you parish, who will then receive their membership of the scheme for free. To get more information about how the scheme works, for details of how to become a co-ordinator and how to join the scheme please visit the Community Lincs website at <http://www.communitylincs.com/bulk-oil-buying-scheme/> or alternatively give us a call on 01529 301980 or email us at bulkoil@communitylincs.com

Welland Valley Walk. A few local Uffington casual walkers are looking to stretch their legs on a 20 mile walk from Uppingham to Uffington Church on Sunday 20th May 2012. We plan to start the walk at Uppingham at 09:00 hrs. The walk is a documented route mainly along the Welland Valley on the Jurassic/Hereward Way

20B (Walk No.20 in Best Local Walks " Living Magazine " A copy will be supplied)
Approx. 8 ½ hrs. We would be delighted if anyone would like to join us, either for the whole distance or perhaps for the last 2 miles from Stamford Meadows to Uffington. Refreshments will be available in church from 5pm – why not come along and greet the walkers on their return? Please let Phil know on 07986499301 if you would like to join us. It would be helpful to know by 15th May, so that we can assess transport needs to Uppingham. NB If you are joining us it will be your responsibility to ensure you are fit, capable and prepared for the walk with necessary clothing, footwear and nourishment etc needed for this length of walk. Some walkers will be using the walk to boost Uffington church roof funds via sponsorship or donations and any further assistance would be appreciated but is purely voluntary.

BRACEBOROUGH

Clerk's notes of Parish Council Meeting at Braceborough Village Hall on 6th February 2012. The Clerk informed the meeting that she had received correspondence from British Telecom apologizing for not including the Kiosk, Wilsthorpe, on the painting list. They could give no guarantee that it would be dealt with during this current year but hoped that it would be done in 2013. The clerk has contacted them again as unhappy with their answer. The grit bins had been delivered to both Braceborough and Wilsthorpe but unfortunately the one situated along Spa Road had not been placed where requested. No comments were received from Councillors relating to SKDC Consultation on 106 Agreements and Developers Contributions. The following applications had been approved by South Kesteven District Council (SKDC): – Mr Barwell, The Stables – garage and garden shed, Mr Bremner, Manor Farm-erection of car port. The Clerk reported that the Local Development Framework (SKDC) had been sent to the Secretary of State. The clerk reported that she had received the grant from Lincolnshire County Council towards the cost of Medals for children of the parish, to celebrate the Queen's Diamond Jubilee. Various highways issues were discussed, from damaged verges along Church Street, when would Quincey's Lane be resurfaced? Signage at the entrance and exit of both villages saying 'PLEASE DO NOT DRIVE OR PARK ON THE VERGE', Wheel chair improvement at the Village Hall, alternative methods of allowing traffic to pass along Main Street, Braceborough and the ongoing problem of water leak along the side of the road at Cocked Hat/Main Street. It was reported that the Black Railings, Wilsthorpe (formally known as White) had been bumped but still appeared solid. It was agreed that a meeting should be organised to discuss the proposed Neighbourhood Plan and details of training sessions organised by The Campaign to Protect Rural England be circulated. County Councillor Martin Trollope-Bellew informed the meeting that the County were taking the 2½% from the Government so would not be increasing its portion of the Council Tax 2012/13. District Councillor Ibis Channell reported that she was organising a Hillsides meeting at Carlby Village Hall in February were it was hoped to have members of SKDC Planning department in attendance. The next meeting to take place at Braceborough Village Hall on Monday 5th March 2012 at 8pm. All Welcome.

UFFINGTON

Church Flowers – none in Lent

Uffington WI. If you've bought a handbag at John Lewis, you're in good company - the Partnership sells more of them than any other UK retailer. And more people sleep between its sheets than any other British brand. These facts - and many more – emerged when Chris Briggs, the John Lewis Partnership's learning and development coach, spoke on its history at February's meeting of Uffington WI. The John Lewis story is the stuff of Sunday-night TV drama – orphaned early, a young man from a country town in early Victorian Britain comes to London, gets a good job in a department store (Peter Robinson) but turns down a coveted partnership because he's determined to run his own business. He buys a tobacconist's in Oxford Street in 1864 and goes on to extend into the properties adjoining it. He meets a pretty girl on holiday in Scotland, forgets about her (he's a busy man) and then, by chance, bumps into her again in London. They come from very different backgrounds, but they marry and have two sons, who join him in building up the company, acquiring other well-known businesses over the years. The elder, Spedan, a quiet philanthropist who liked to breed gibbons, goes on to mould and advance it in ways his father never dreamed of, introducing profit sharing and holiday hotels for its employees, known as 'partners'. John Lewis extended into food retailing with Waitrose (originally Waite, Rose and Taylor) in the 1930s, and in the 1940s several of its department stores, including Oxford Street, were destroyed by wartime bombing. Today there are 28 John Lewis stores and more than 200 branches of Waitrose. 'Never Knowingly Undersold' is the slogan for which the Partnership is universally remembered, but today it is guided by three further basic principles, said Mr Briggs: Be Honest, Give Respect, and Recognise Others. A vote of thanks was given by Alison Dodsworth. Members were reminded that 2012 subscriptions were due, and payment will also be required for the branch's annual birthday dinner, to be held on March 7, at the Garden House Hotel, Stamford. A letter of thanks from the family of the late Margaret Holland for the cakes members made for funeral was read by Chairman Maggie Carter. There was also a letter of condolence from the Deepings Lunchtime WI. Members have been invited to help fill a coach arranged by Elton WI for a Jubilee Year visit to Buckingham Palace in September to mark their 80th anniversary. The competition for a favourite Christmas card was won by Margaret Walker, 2 equal - Marion Francis, Brenda Francis and Sue Naden.

Uffington Parish Council. Report from Meeting held on Wednesday, 25th January, 2012 at 8pm in the Village Hall. The transferring of the green play area at the rear of Lindsey from Jelsons to the Parish Council is now in the hands of the Solicitors. All being well this area will be available for provision of a children's play area ready for the Diamond Jubilee. Regarding the one way system, our County Councillor M. Trollope-Bellew informed the meeting that this work should be taking place in the Easter Holidays, 2012. The state of the footpath and road around Lindsey Road is causing concern and there will be a site meeting between and LCC Highways and the Parish Council to see what improvements can be made.

WEST DEEPING

Uffington Parish Council Continued:

The green road sign on Newstead Corner is still showing A16 instead of B1175, Highways have been informed as this is causing confusion to some road users. The sign on Needham Allen Close has been reported as requiring re-erecting as does the Torpel Way footpath sign on the Barnack Road. The Parish Council agreed to buy 100 Jubilee Mugs (with the help of a grant under the LCC Big Society Scheme) for all Uffington village children under 16 years of age. The poor state of the village hall notice board and the School Lane one was noted and these are to be repaired by volunteers from the village. Date of next meeting is Wednesday, 14th March, 2012 at 8pm in the Village Hall to which all are welcome. **Yvonne Genever – Clerk.**

Flying the Flag. Either the Union Jack or St George's Flag has been flown as follows:

West Deeping Heritage Group. Who would have thought that a talk on prehistoric West Deeping would draw such a crowd? The Village Hall was full to capacity for the meeting on 8th February. The audience heard for the first time the archaeologists' story of their excavation of the fields at Rectory Farm, West Deeping. Dr Jonathan Hunn supervised the site for 3 years from 1993, when the discovery of a Roman villa and bathhouse hit the national headlines. Several West Deeping residents attended the open day and saw some of the artefacts, but the report has yet to be published. The site was important as a "multi-period landscape" - with evidence of occupation from Neolithic times and continuous use by farmers through the Bronze and Iron Age until the late Romano-British period. Environmental archaeologist James Rackham held everyone's attention as he described the contents of waterlogged soil from the bottom of prehistoric ditches! Pollen and seeds tell us which trees and plants were growing nearby, and whether fields were used for meadow or crops. The audience was surprised to hear that the population of West Deeping was probably higher than it is now. (The total electorate, as of Feb 2012, is 225.) It was a fascinating evening, and is due to be followed up in the autumn with a talk on the most recent and equally exciting discoveries at the Rectory Farm site, by the current Project Manager, Simon Savage from Pre-Construct Archaeology.

WDeeping continued:

The final meeting for this season is on **Wednesday 21st March. 7 for 7.30pm at West Deeping Village Hall.** It will include the group's first Annual General Meeting, but we intend to keep the formalities to a minimum. Instead, we will have a review of the topics we have covered since the first meeting in November 2010. There will also be an opportunity to discuss future projects, such as the village's contribution to the national programme of Heritage Open Days in September. Contact Maggie Ashcroft for further details 01778 344768: maggiashcroft@hotmail.co.uk

Drama. Wednesday 18th April. 7.30pm in WD Village Hall. New Perspectives Theatre Company presents *The Honey Man*, the absorbing tale of an unlikely friendship that develops one summer between Misty, a 15 year-old girl, and The Honey Man, an 'ancient' Afro-Caribbean man who has taken up residence in a derelict cottage at the edge of the picture-postcard English village where she lives. It's a tale of growing up and growing old, of individual responsibility and shared history, of dying bees, healing herbs and (possibly) just a little magic. Tickets £8 (£7 concession). 01778 380197 or tickets@westdeeping.co.uk

Arrangements for the **Queen Elizabeth II Jubilee Celebrations** in West Deeping are underway. **The Big Lunch** will be held at the Tinsley Playing Field on Sunday 3rd June. There'll be games and races for children, and Maypole Dancing. Yes, we have our own village maypole. We also have a lovely antique wooden bowls game. Another traditional West Deeping activity on such occasions is an extremely competitive mile-long race. Contact Melanie if you want an update. 01778 380197 or melanie@thelane.me.uk. There are plans for a display of memorabilia. Please let Maggie know if you've got any photographs of village celebrations, such as the coronation and previous royal jubilees.

DOG FOULING

Once again we feel the need to air our views regarding DOG FOULING. We are villagers and dog owners who walk our dogs each morning around Uffington. Our route from Lindsey Road along Main Road, Greatford Road, School Lane, Casewick Lane, Bertie Lane and back to Lindsey Road has once again become an absolute disgrace with dog poo. On the green at the raer of Lindsey Road this morning we counted 8 lots of poo, and that was just along the edge of the green. Goodness knows how much there is further on the grass. As responsible dog owners, who always carry poo bags in their pockets, how can we get through to the IRRESPONSIBLE owners who DON'T pick up after their dogs? It gives us and people like us a bad name just for owning a dog, we all get tarred with the same brush. These disgusting peopl, have no regard for other villagers or pride our the village, should be named and shamed – if only we could catch them. Name & Address Supplied.

The Committee agreed to hold the March social a week earlier than usual on Friday 23rd March to avoid clashing with the schools' Easter holiday.

Please try to return the recent questionnaire regarding social events to one of the Committee before their next meeting which will be held on Thursday 8th March so that they can consider your requests before deciding on future events.

WILSTHORPE

The coffee morning held at Coombe Farm Wilsthorpe on Saturday 11th February to raise money to pay for new royal blue velvet curtains for St Faith's Church exceeded all expectations. Despite the inclement weather and the ground being very snowy and frosty approximately 35 people turned up and the money raised was £286.90p. John and Kathleen Knipe who hosted the event would like to thank everybody for their generous donations and help that ensured it being the success that it undoubtedly was, and also enjoyable. The community spirit is definitely present in Wilsthorpe.

WILDLIFE GARDENING IN MARCH

March sees the start of lots of wildlife activity. Many animals are searching for a mate and for suitable nesting places, as well as the on-going search for food and trying to avoid predators.

Many of us will have seen hares racing around in the fields between the villages in the Uffington group. This month, hares can be seen 'boxing' (when they stand on their back legs and fight or box with their fore-paws). These 'mad March hares' can be easily spotted where the crops and grass fields are short. It used to be thought that these were fights between rival males but it is now known that these battles are almost nearly all the result of females (which are larger and heavier than males) fending off the advances of too amorous males.

Another sign of the forthcoming activity is the return of frogs and toads to their breeding ponds, when on wet nights in early spring some sections of our local roads are covered with migrating amphibians. Some of the animals must survive the passing of traffic because they are seen every year! The breeding areas include garden ponds, as well as farm and field ponds, and even water-filled ditches. Having arrived, pairing usually takes place in the middle of March or sometimes late February. Frog eggs are laid in jelly and masses of frogspawn are a familiar sight. Toad eggs are different in that they are laid in strings of eggs and jelly. The eggs are laid at the bottom of the pond and the 'jelly' absorbs water which causes the eggs to swell from about a few millimetres to about 1 centimetre, and the eggs rise through the water. The jelly gives the eggs buoyancy and keeps them in the warmer surface water (where they will develop quicker). It also cushions the eggs from physical damage and deters other animals from eating them. Newts also lay eggs underwater, but the female newt lays her eggs singly and wraps them carefully in a leaf for protection. Tadpoles will develop in a few weeks.

You will see and hear garden birds starting their courtship, including noisy crowds of house sparrows, dunnocks singing and male blackbirds being very territorial in the garden. Migrant birds will start to return at the end of March. Sand martins are the first to come back and can be seen swooping low over local reservoirs and lakes. They have a slightly forked tail, are white underneath with a brown 'chin strap' and brown upper feathers (unlike House Martins which have black upper feathers and no chin strap).

Next month we will talk about making a wildlife pond in the garden which is great for frogs, toads and newts, as well as for lots of other wildlife.

Donna and tim.
